Linda:

Noted from the Hess Non Compliance report that your Retail Rep Jerome R. # 77993 issued warnings for Pack Outlet L2G (code 2 - no display) for two Hess Marts # 10243, and # 10219.

Explanation stated that each store did not have a SIGNATURE Display. My letter written in December stated that the SIGNATURE Display is not a requirement for our Level II Program. Removal of the display should not result in deletion of payment.

Please ensure that your Retail Rep does not delete payments for this reason.

Thanks!
